

PURBANCHAL SYNERGIES PVT LTD

Formerly Purbanchal Enterprise

Purbanchal Synergies Pvt Ltd (Formerly Purbanchal Enterprise), Guwahati, is an electrical services provider and business liaison company. We work with corporates, small and medium enterprises, as well as individuals, playing a proactive role in building businesses. We undertake liaison and contract assignments related to electrical services, EPC, and SEB's businesses directly and for our associates. We leverage our expertise to facilitate interactions with SEBs and EPC for technical approvals and assist our clients in establishing contacts with local, state, and central government agencies and officials.

With our extensive knowledge and experience, we have secured a strong position in the electrical market. Our average turnover for the last three years is over 70 crore, consistently increasing year on year.

Purbanchal Synergies Pvt Ltd (Formerly Purbanchal Enterprise) is a registered Class A Electrical Contractor with APDCL (Assam Power Distribution Company Limited), and we hold the following ISO/IEC certifications:

- 45001:2018
- 12001:2015
- 27001:2013
- 9001:2015

Supplying over 200,000 static and smart energy meters yearly to the circle offices of APDCL, we are the largest and oldest master stockist and channel partner for two of the largest meter manufacturers in the world, namely Larsen & Toubro (now Schneider) and Landis+Gyr.

Expertise:

Our team of expertise has hold on domain and shape out the best solution as per client requirements. Right from the commencement to the end, Entire process is managed and monitored by our skilled professionals. We have a specialized setup that smooth the progress of our procedure and reach beyond the client's expectation. Our specialization is executing Turnkey Solutions towards building up quality High tension line, Substation work etc.

Experience:

We are in Electrical domain since last twenty years and serving the Institutions, Government Utilities as well as corporate. Treasure of our experience has been honed with the time, Challenges, success stories and feedback of clients. All these have helped us strengthened our knowledge and understanding about the domain.

We had already executed **DT Metering Project (AMR Project), Feeder Metering Project (AMR Project), Meter Installation work in IPDS, 11KV and 33KV High Tension Line Project and 33KV Sub-station Work of APDCL in Assam.**

Our latest Project include the IPDS Project with L&T where we installed **over 40,000 meters** (DTR Meter, HT Meter, Consumer Meter)

SMART METERING:-

Purbanchal Synergies Pvt Ltd (Formerly Purbanchal Enterprise) is a leading name in the smart metering industry, distinguished as pioneers with a rich legacy of experience. With an unwavering commitment to innovation, precision, and reliability, we have successfully installed, commissioned, and handed over over 1.5 lakh meters equipped with RF modules. Currently, we boast a robust pipeline, exceeding 2.5 lakh meters, reinforcing our position as a trusted partner in the smart metering landscape.

Our Achievements:

Installation Excellence: Our expertise extends to the successful installation, commissioning, and maintenance of 1.5 lakh meters with RF modules, showcasing our technical prowess and dedication to quality service.

Strong Project Pipeline: With over 2.5 lakh meters in our current project pipeline, Purbanchal Synergies Pvt Ltd (Formerly Purbanchal Enterprise) stands at the forefront of delivering cutting-edge solutions in the smart metering sector.

Maintenance Excellence: Purbanchal Synergies Pvt Ltd (Formerly Purbanchal Enterprise) takes great pride in maintaining a Service Level Agreement (SLA) of over 99% across our entire system. This commitment ensures unparalleled reliability and performance for our clients.

At Purbanchal Synergies Pvt Ltd (Formerly Purbanchal Enterprise), we are dedicated to driving the future of smart metering technology. Our commitment to excellence, coupled with a proven track record, positions us as the go-to choice for comprehensive smart metering solutions.

For further inquiries or collaboration opportunities, please feel free to contact us.

Purbanchal Synergies Pvt Ltd (Formerly Purbanchal Enterprise) also works actively with The Dept. of **Welfare of Plain Tribes and Backward Classes** and we are one of the leading contractors for all projects related to solar power. We have successfully distributed over 6000 Nos of Solar Home Lighting Systems in FY 21-22. This project aimed at providing individuals from the most backward parts of Assam with access to minimum electric power to make life easier for them

We have also worked on solar micro grids for small remote villages that did not have electricity.

In this project, we set up solar power plant using solar modules and through that, we provided electricity to numerous remote villages that did not have electricity earlier.

RHINO MOULDERS

We introduce ourselves as one of the leading manufacturers of distribution transformers in North Guwahati. With an average turnover of over **10 Crore** for the last 3 years we are one of the most efficient and reliable manufacturers of CT-PT and Distribution Transformers. Our facility extending over an area of 10,000 Sq Ft makes us Guwahati's most integrated distribution transformer manufacturer. Originally we were one of the few **CT-PT manufacturers** in Assam and now we have expanded to Distribution Transformers up to **1000 KVA**. We use only the finest Grade raw materials to make sure that we comply with all the regulations and leave the customer happy. Further, all our transformers are **BIS Level 2 approved**

Address:

Near Brahmaputra Industrial Park, Amingaon, Guwahati

Introduction:

Rhino Moulders takes pride in being one of the oldest and most esteemed injection moulding units in Assam. Located near the Brahmaputra Industrial Park in Guwahati, we boast a spacious facility spanning over 6000 square feet equipped with state-of-the-art machinery. With a commitment to excellence, Rhino Moulders has emerged as a reliable partner for various renowned clients.

Production Capacity:

Our production facility features over seven advanced machines, enabling us to achieve a remarkable production capacity of over 60 tons per month. This ensures that we meet the demands of our diverse clientele promptly and efficiently.

Quality Assurance:

At Rhino Moulders, we adhere to a stringent quality control policy. This dedication to quality has enabled us to consistently meet and exceed the expectations of our esteemed clients. Some of our notable clients include Genus Power Infrastructure Limited, UK Paints India, Berger Paints, British Paints, and many more.

Clientele:

We take pride in having served industry leaders such as Genus Power Infrastructure Limited, UK Paints India, Berger Paints, and British Paints, among others. Our track record with renowned clients attests to our commitment to providing superior quality and timely delivery.

Commitment to Excellence:

We assure our clients of the desired quality and quantity within the stipulated time frame. Our experience in serving esteemed clients like British Paints and Berger Paints positions us as a reliable partner capable of fulfilling diverse manufacturing needs.

Upgradation Plans:

In our pursuit of continuous improvement, Rhino Moulders is planning to install new machinery in our plant. Simultaneously, we are phasing out older equipment as part of our regular upgrade process. We believe that this investment will further enhance our production capabilities and ensure the highest quality standards.

Partnership Opportunities:

As we embark on this journey of growth and innovation, Rhino Moulders welcomes the opportunity to partner with your esteemed organization. Your collaboration with us before finalizing our machinery upgrade decisions would be highly valued.

At Rhino Moulders, we are dedicated to delivering excellence in every product. We look forward to the prospect of collaborating with you and contributing to the success of your projects.

Rhino Moulders also has a Plastic Injection Moulding unit. Our manufacturing unit is spread over 6000 sq ft equipped with state of the art technology and the best of machinery. We have over 7 machines with a production capacity of over 60T per month.

RHINO ELECTRICALS

Rhino Electricals is one of the oldest electrical wholesalers in the North-Eastern region. Established in August 1988 with one small store, Rhino Electricals has become one of the leading electrical wholesalers and retailers today. Further, we are the only electrical store in the North-Eastern region to come up with a one-of-a-kind experience center - an outlet that allows the customers to physically experience the product before making their purchase decision. Further, we have started catering to our customers need online on www.rhinoelectricals.com.

Rhino Electricals is one of the largest stockist and channel partners for the biggest electrical brands in India, like:-

Kolors	Racold
Opple Lighting	Remson Prime
RR Kabel	Maru Electrical
Anchor by Panasonic	Presto Plast
Orient Electric	Berlia Pipes
Legrand	Haier
Crompton	Breezalit Fans
Greatwhite Electricals	Surya Roshni
Atomberg	Standard Electricals
